Apricot

CARNATION TYPE OR DOUBLE FRILLED

(Fimbriata plena)

This type produces a large double, resembling a carnation in form. The petals are frilled and have serrated edges. We are unable to supply this type in apricot this season.

CRISPA OR SINGLE FRILLED

Produces large profusely frilled and ruffled single flowers. We recommend this type in place of the old-fashioned Single.

Crispa Begonia

BEGONIAS

(cont'd)

DOUBLE CAMELLIA FLOWERED

This is the true strain of Camellia Flowered Doubles, which we have developed through years of hybridization. The colors are true and uniform; the flowers are of the Camellia type and very large. Our strain produces compact blossoms keeping well when cut.

HANGING BASKET OR LLOYDII

(Pendula fl. pl.)

This is the Pendula or Lloydii type. It is an unsurpassed strain containing double flowers only. Often hundreds of blossoms to a bulb. Excellent for rock garden work.

CRISTATA OR BEARDED TYPE

A single type, slightly frilled, a coxcomb-like tuft or crest is borne on each petal. A very novel form of the Tuberous Rooted Begonia. Mixed colors only.

MARGINATA

A two-toned crispa type flower, available in two combinations--white with pink edge, and salmon with scarlet edge.

Marginata Begonia

10.00

41.6.44

Dear Sir,
I have the pleasure to inform you that the
order for the purchase of the above mentioned
quantity of material has been placed.

The material is being supplied to you
under the terms of the contract entered into
between us on the 1st day of January 1944.

Yours faithfully,

BEGONIAS

(cont'd)

MARMORATA

We have developed an excellent strain of these begonias. They are unsurpassed for bedding or for pot plants. Large numbers of small flowers. Mixed colors only.

PICOTEE DOUBLE

A camellia type blossom with the edges of the petals in a different shade of color. Available in a mixture of pastel shades.

ROSE-BUD

A double type resembling perfect rose buds. Many flowers are colored in two shades. Available in a mixture of pastel shades. Like many roses they are nice in bud, but have a tendency to flatten out after the third day.

Rose-Bud Begonia

HOLLYHOCK

Blossoms are produced along a main stalk as in a hollyhock. Single flowers of mallow pink. Tubers are small. \$15.00 per 100.

The first of these is the fact that the
government has been unable to secure
the necessary funds to carry out its
policy.

AUTUMN GLOW

An extremely large Cristata type, the tufts or crests of which are a deep copper, contrasting with the rest of flower, which is apricot. The flowers sometimes measure ten inches across. The foliage is very attractive and much more luxuriant than any other tuberous rooted begonia.

FASCINATION

Marginata or Picotee edge. A crispa flower, white with pink edge.

RED TRIUMPH

A ruffled camellia type of ruby-red with a velvety texture. Very large.

ROSE DAWN

A rose-pink with a large ruffled flower resembling a full-blown rose.

SUNSET

A profusely frilled crispa type, light copper with a scarlet edge.

STARS AND STRIPES

Brick red flowers speckled with white. Blossoms not large, but very numerous.
